

MN GROUP OF COMPANIES

ABOUT US

MN Group of Companies started its commercial activities under the name of GRAN in construction sector in 2002, Moscow.

Due to increasing business activities and its understanding of more effective global management continued its commercial activities with its young, experienced and dynamic staff, MN continued its professional activities in 2004 in Ukraine and Latvia.

The increasing volume of professional and commercial activities led us to collect all the group companies in our head office under the name of MN Group of Companies in Ankara/Turkey.

COMPANY POLICY

Using our experience, ability of organization and applying latest technologies in accordance with qualified and experienced staff is our policy. Further, it is our principle to execute the projects in respect of international standards, quality and environment requirements.

To follow the above mentioned principles is an obligation of all coworkers including the management of MN Group of Companies.

OUR MISSION

The mission of our Group of Companies is to accomplish successful projects and to achieve the deserved reputation both abroad and domestic.

OUR TEAM

Our technical and administrative team are from Turkey, Germany and Switzerland. And our specialists are from Turkey, Hungary, Latvia, Bulgaria and Romania.
